The News.

The steamship *New York*, from Glasgow, Feb. 15th, arrived yesterday morning. She brings later dates, but no important news from Europe. The report that Schamyl, the Circassian Chief, had submitted to Russia, is again revived. Gold was arriving quite freely from Australia, the money market is easy and consols advancing.—Nothing later from India.

From Washington we hear that the Judiciary Committee of the Senate have reported against admitting the Minnesota Senators to seats. They can't come in, except in company with Lecompton. Gov. SEWARD's speech against the Swindle, is said to be the greatest of his efforts.

The Pennsylvania Democracy are rent in twain by Mr. BUCHANAN's new test of political orthodoxy. In the State Convention the Lecompton men only carried their point by a majority of *nine* out of 127 votes. This, in the President's own State, looks ominous enough. In New York the Lecompton Democracy, headed by those ardent Free Soilers of 1848, Messrs. JOHN A. DIX, JOHN VAN BUREN, JOHN COCHRANE and others, have formally endorsed Mr. Buchanan's Kansas policy.

Very little business of importance was transacted in the Legislature yesterday. The Militia bill was discussed, but not disposed of in the Senate. The Assembly were mainly occupied with the case of Mr. WEBB, charged with altering an appropriation bill.

A Democratic Anti-Lecompton Meeting is to be held in this city to-night, at Market Hall. Mr. E. G. RYAN and other eloquent speakers will address the meeting. The demonstration promises to be an imposing one.

Judge MCARTHUR yesterday granted an injunction, restraining the Common Council from settling the Harbor Contractor's claim against the City by the Referees.

The New York Produce market, yesterday, was active at an advance and money very easy. Our own market was quite animated, and prices for Spring Wheat advanced to 63@65½ cents.—Pork was firm at our quotations, with light receipts and an increasing demand.

The weather still continues decidedly wintry, without any touch of Spring in the air.

Interesting to Tax-Payers.

We learn that Judge MCARTHUR, of the Circuit Court, on the application of certain tax payers, yesterday granted an injunction restraining the Common Council from settling with the Harbor contractors, Messrs. *Hasbrouck & Conro*, through the medium of referees. This, we hope, will effectually dispose of that cunningly devised scheme to insure the payment in full of the contractors' claim.

THE DEDICATION BALL AT WAUKESHA.—The Ball at Waukesha on Thursday night, upon the occasion of the dedication of Robinson's new Hall was an extremely agreeable affair. There was a large attendance though not a crowd, and all who were there enjoyed a right jolly time.—The hall was handsomely decorated, both with pretty fair ones and other fixtures, and the merry dance was kept up till a very late—early—hour. The good people of Waukesha were determined that their guests should not be neglected, among whom were a number from our city, who will long remember the courtesies extended to them with feelings of pleasure.

Robinson's Hall is a well planned and convenient one, and very tastefully finished. It is not very large, but quite roomy enough for a place of Waukesha's size. Success to its enterprising owner.

Waukesha now contains not only a very handsome Hall, but as accommodating an hotel landlord as could readily be found, and that too in the person of P. N. CUSHMAN.

Indiana Republican State Convention

INDIANAPOLIS, March 3.

AFTERNOON SESSION.—John L. Dawson was chosen permanent President, and made a lengthy speech. After referring to the duties to be performed, and complimenting the administration of Packer, he suggested the propriety of the Convention giving some decided expression of sentiment on the Kansas question.

The speech was frequently greeted with loud applause.

A committee on resolutions was appointed.

A motion directing that all resolutions regarding the policy of the party should be referred to a committee, without debate, was adopted.

INDIANAPOLIS, March 4.

The Republican State Convention made the following nominations of State officers this afternoon:

Judges of the Supreme Court—Horace P. Riddle, A. W. Hendricks, Simon Yandere, W. D. Griswold.

Attorney General—W. T. Otto.

State Treasurer—John H. Harper.

Auditor— ——— Lange.

Superintendent of Public Instruction—John Young.

The proceedings of the Convention were harmonious and the nominations unanimously endorsed.

The following principles and resolutions were adopted:

That our national government be so administered as to promote harmony between different sections of our country, secure the affections of the people of the United States and command the respect of the nations of the earth.

That the people of a Territory, when they come to form a Constitution, preparatory to admission into the Union as a State, have the right to adopt such a constitution, being Republican in form, as may be acceptable unto themselves, and no State ought to be received into the Union before the Constitution thereof has been fairly and fairly sumitted to the people for adoption or rejection; the attempt now being made by the present administration, to force upon Kansas the Lecompton Constitution, is a gross outrage upon the people of that Territory and calculated to disturb the peace and harmony of the country; that freedom is national, slavery sectional; that we disclaim the right to interfere with slavery in the States where it now exists under State sovereignty, but oppose extension into new territory; that Jesse D. Bright and Graham N. Fitch are not the rightful representatives of this State in the U. S. Senate, and ought to be immediately ousted therefrom; that we re-affirm the doctrine that Congress has constitutional power to exclude slavery from national territories, notwithstanding the decision of the Supreme Court of the U. S. to the contrary; that we favor the granting to actual settlers public lands or a homestead of at least one hundred and sixty acres.

Fire.

KEESEVILLE, N. Y., March 4.

Spencer's row, in this village, took fire last evening and burned to the ground. The principal losers are Messrs. Mould & Talmadge, booksellers and druggists; Algade & Spencer, merchants; Prescott, Jeweller; Morris merchant tailor; Howard, dentist; W. Lansing, proprietor of the *Northern Standard*. Most of the property destroyed was insured. The *Standard* Office of which there was no insurance, was totally destroyed. The Post Office with the letters and valuables was saved.

For the Daily Sentinel.

The Anti-Lecompton Meeting.

The *News* has a long article under the above caption, which is rather a curiosity in its way.—The *News* has seen the call for an Anti-Lecompton Mass Meeting in the *Sentinel*, and feels "worked," not to say grieved; and it feebly casts about, like a blind man, to find some fault with the movement.

The *News* don't know "who drafted the call." It considers it material to know whether it was drafted by a "friend or a foe to the Administration," but as it was published in the *Sentinel*, it concludes to "go in."

It is unkind that persons "who have held offices of trust and honor by the favor of the party," who indeed "now hold such offices," should take the liberty to attach their names to a call for a meeting to canvass the action of the Executive of the Nation. The *News* is friendly—"Codlin's the friend, not Short"—the *News* is friendly, "in the *party* sense, to all Democrats." No, the *News* will not vituperate, but it will "talk to 'em like a father."

The *News* has "duties on its hands;" and while the obligations it is under to the man who farms out Post Offices are imperative and not to be relaxed, it is willing to *acknowledge*" large obligations to the Home Party." Good! The debt due James Buchanan must be paid; but the obligations to Milwaukee and Wisconsin, will be satisfied by a simple acknowledgment of the claim—a kind of renewal-of-the-note process more agreeable to the debtor than the creditor, possibly.

"But it seems to be *demanded*" that the *News* should speak against this movement, and the first objection is that the demonstration is "irregular, untimely, and *may* become factious."—It is irregular, because it does not exhibit the collar-chafings of party drill—because it does not issue from the *News* office, and bear the sign-manual of Messrs. SHARPSTEIN, UPHAM & Co., factors of the President's party in Milwaukee.

It is untimely, because it is much the safest way to wait until the wrong is actually perpetrated, before remonstrating; to see whether the President is really in earnest in his intentions to employ the power and patronage of the federal government to force an anti-republican constitution upon *recalcitrant* Kansas. He may be only indulging in a pleasant joke at the expense of the "Little Giant," with no intention of ultimately carrying out the plan he has proclaimed with such well assumed gravity; and good democrats ought to wait the *denouement* meekly.

"It *may* become factious," because it tends to generate opinions in the party not first emanating from the *News* office, and may result in the necessity, however painful, of the promulgation of a regular Post Office *Bull*, reading these deluded agitators out of the party; an event not less deplorable to them than vindicative of the integrity of party organization.

But these signers are "*deluded*." Poor creatures! We must suppose the sympathy of the *News* to take embodiment in the following syllogistic form, to wit:—To err is human. The signers of this heterodox call are human, and *may* err. But as there are 800 signers, they must be 800 times as liable to err as the unique *News* editor. In so great a disparity it is safe to say, for all practical purposes, the editor is right, and the people at large are most lamentably deluded.

Pray, gentlemen, don't, now! Don't hold the meeting. But if you must hold the meeting, because the appointment has been "given out," take our advice, and "pass resolutions endorsing James Buchanan and his Kansas policy," and you can't tell how tickled he will be, and how he will appreciate the prodigious efforts of his organ here. Do, now, good gentlemen, do!

ONE OF THE SIGNERS.

MILWAUKEE, March 5th, 1858.

SERVICES IN THE FRENCH LANGUAGE.—We are requested to state that the Rev. Mr. Padelupe, City Missionary, will officiate, as usual, to-morrow (Sunday) afternoon, at 3 o'clock, at his room, near the corner of Tamarack and East Water streets. The services will be conducted in the French language.

Military.

FIRST REGIMENT, WISCONSIN MILITIA.

Head Quarters, Milwaukee, March 5.

Regimental Orders No. 1:

The following Officers and Non-Commissioned Officers will compose the Staff of the First Regiment Wisconsin State Militia:

Adjutant—E. F. TOWNSEND.
Sergeant-Major—ROBERT CHANDLER.
Engineer—AUGUSTUS FLERTZHEIM.
Quarter-Master—JOHN S. FILLMORE.
Paymaster—JOHN COCOROVE.
Commissary—HARRY BINGHAM.
Judge Advocate—GEORGE A WOODWARD.
Surgeon—DR. CARL F. KISSLING.
Assistant do.—DR. WM. J. BARRY.
Drum Major—JOHN SPORL.
Fife Major—MAJOR ROBINSON.
Colour Sergeants—GEO. B. BINGHAM, H. J. BERNINGER, MARTIN DOOLEY.

By order, RUFUS KING,
Colonel Comdg. 1st Regiment.

BRUTAL ASSAULT AND ATTEMPT TO ROB.—Two men, named Ernst Prasse and Julius Titel, were arrested yesterday morning and examined before Justice Walworth on a charge of committing an assault and battery on a man by the name of Joshua Merrick, a farmer from Waterford, in Racine county, and required to give bail in the sum of $500 each for their appearance before the Circuit Court on the 1st day of April. Merrick, it seems, had come into the city with a cow for sale, which he disposed of, and on his way home, stopped into a grocery in the Eighth Ward, kept by one of the defendants, and played cards with Prasse and Titel for some time, when they attempted, as it appears, to wrong him out of some money, which ended in a quarrel, in which both of the defendants assaulted Merrick, and beat him in the most brutal manner. One of the fellows took a piece of a broken chair and dealt him (Merrick) a number of desperate blows upon the head, and between them they would probably have murdered the unfortunate man, but for the attention of people in the vicinity, being attracted by his cries for help, who interfered. Merrick is an old man, and the others must have been dastardly wretches to assault him as they did. They also took some of his garments which they kept, and the probability is that their intention was to rob him of all he had.

BENEFIT TO FIFE-MAJOR ROBINSON.—A series of performances are announced at Young's Hall *this* evening, for the benefit of Fife-Major ROBINSON. The Major lives by his "Fife," which was presented to him by Capt. BRAGG, during the Mexican War, and he is always on hand and makes himself heard whenever our Military, our Firemen, our political associations, or our Benevolent Societies parade the streets. His "tuneful pipe" has many a time and oft woke up melodious echoes in all parts of our city. And yet though musical, it is not money-making. Occasionally, the Major has a good run of luck, and gets a little ahead in the world; but as he is always ready to divide his last shilling with a needy friend, the Major's Exchequer frequently runs out. It is at "dead low water" now, and therefore the proposed Benefit to the old veteran *to-night*. Wherefore, we enjoin upon all our Military, Firemen and other charitably disposed citizens to go to Young's Hall to-night, and contribute their quarters towards relieving the wants, and replenishing the pockets of Fife-Major ROBINSON.

OPENING OF A NEW BILLIARD SALOON.—Messrs. DICKINSON & FIELD's new Billiard Room in "the Albany" is to be opened *to-day*. From 11 o'clock A. M. till 4 P. M., it will be open for the inspection of the Ladies, and in the evening the public generally will be admitted. The apartment is a beautiful one, 118 feet long, 39 feet broad, and some 20 feet in the clear; abundantly lighted; most tastefully painted, and provided with eleven tables of Field & Dickinson's own manufacture. The principal entrance is on Main Street. There is not a handsomer Billiard Room in the Union. The "Rotunda," on the third story of the same building, is another elegant apartment, and we advise the ladies and others to take a look at it to-day.

NEW DEMOCRATIC DAILY PAPER.—We mentioned some weeks since, that a new Democratic paper was about to be started in this city, a large proportion of the Democratic party having become dissatisfied, not to say disgusted, with the course of the *News*. The arrangements for the new paper having been perfected, the first number will be published on Monday next, as a specimen, and the regular daily issue commence on the Monday following. It is to be called "*The Milwaukee Daily Times*," and will advocate the principles of Jeffersonian Democracy. It will of course, oppose the Kansas policy of the Federal Administration. The "*Times*" will be published by Messrs. Erving, Burdick & Co., and will be edited by Dr. J. F. Erving, assisted by other gentlemen.

RUNAWAY.—A spirited horse belonging to Dr. C. H. Orton, attached to a buggy, ran away yesterday morning, on Walker's Point. He became frightened at something, while a young man was hitching him up, and started on a full run. The young man jumped into the buggy, as the horse started, but missed catching hold of the lines.—In turning the corner of Ferry street, he jumped out without sustaining any serious injury, and the horse come thundering over the bridge.—Coming in collision with a dray, the buggy was smashed all to "smithereens," and the horse stopped without doing any other mischief.

FOND DU LAC CITY ELECTION.—The Charter Election in Fond du Lac came off on Tuesday last. The Democrats elected the Mayor and Marshal, and the Republicans the Treasurer and Police Justice. Both parties supported the same candidates for Clerk and School Superintendent. The whole number of votes cast was 1047. The City Officers elect are:

Mayor—John Bannisster.
City Clerk—A. H. Boardman.
School Superintendent.—G. B. Eastman.
Marshal—Charles Arlen.
Treasurer—C. L. Pierce.
Police Justice— Josiah Bennett.

"BALAAM'S ASS SPOKE."—The local of the *Wisconsin* puts this very appropriate heading to one of his most carefully prepared paragraphs in last evening's paper, which winds up with this remark: "We wait to hear the next bray from Balaam's Ass." He need not wait long if he will but listen to his own melodious accents.

POLICE COURT, YESTERDAY.—Ernst Prasse, and Julius Titel, were examined yesterday in the Police Court, on the charge of assault and battery with intent to rob, and required to give bail in the sum of $500 each, for their appearance before the Circuit Court on the 1st day of April.

ALMOST A FIRE.—About half past 2 o'clock yesterday morning, Policeman Poulter discovered a light proceeding from the corner of Prairie and West Water Streets, in the Second Ward and hurrying to the spot, found a large box filled with ashes and covered with boards, which was on fire. He aroused the inmates, and procuring water, the flames were soon extinguished.

LECTURE TO-MORROW.—Ira Porter, of Waukegan will speak to-morrow, at Treat's Hall, at 10½ A. M. and 7 P. M. He is spoken of as an eloquent and able lecturer.

GREAT BARGAINS.—Wall has something novel and startling to offer to the public. Read his advertisement, and be ready for the great bargains he is going to offer.

The total value of property lost was *One Million Two Hundred and Eighty-Four Thousand Three Hundred Dollars*. XXXVth Congress—First Session!

WASHINGTON, March 4.

SENATE—The Senate at once took up the special order—the Kansas bill.

Mr. Hammond, of South Carolina, contended that the Lecompton Constitution embodied the will of the people of Kansas, in their highest capacity. He said that he understood the Senator from Illinois to have declared that he was opposed to the Lecompton Constitution only on one point, viz: because he was not satisfied that it embodied the the will of the people of Kansas.

Mr. Douglas replied that that was not exactly his position. He thought there was other irregularities, but would waive those if he could be assured that the Constitution embodied the will of the people of Kansas.

Mr. Hammond had understood that Mr. Douglas maintained that all the other irregularities could be cured by Congress, and that that was the sole ground of difference between them; but the question is now, can the will of the people of Kansas be ascertained? He thought Mr. Douglas in error in saying that the Lecompton Constitution was the creation of the Territorial Legislature, and he thought that from that error had probably arisen all his subsequent errors upon that subject. How was it possible that the Constitution could be the creature of the Territorial Legislature? The Convention was an assembling of the people, in their highest sovereign capacity about to perform the highest act of sovereignty. The Territorial Legislature was a mere provisional government, a petty corporation, appointed and paid by Congress, without a particle of sovereign power, and therefore could not interfere with sovereignty, although that sovereignty was still inviolate. Congress could not interfere with the Convention it could not confer upon the legislature power to interfere with it, for Congress is not sovereign, it has no power to act outside of the instructions of the Constitution. He then proceeded to argue that the Lecompton Constitution was a legal instrument, even if it embodied but the will of a minority of the people of Kansas. The Constitution of this Union was made by a minority, and in 1840 a minority had in their hands power to alter or abolish it; for at that time, 6 out of the 26 States had a numerical majority.

Mr. Doolittle alluded to threats made in certain quarters, that unless Kansas be admitted under the Lecompton Constitution, the Union will be dissolved.

Mr. Doolittle did not believe such a great national calamity could follow the rejection of the Lecompton Constitution, or that it was at all likely. He did not believe that all the politicians in Washington could dissolve the Union.—Referring to the boasts made, that had Fremont been elected, he would never have been inaugurated, he said that the Republicans would stand by the Union, whoever was elected President. He then passed a glowing eulogy on the Union.

Without concluding the consideration of the subject, the Senate adjourned till Monday.

HOUSE.—Mr. Quitman, of Miss., called up his bill authorizing the organization of a regiment of mounted volunteers, for the defence of the frontier of Texas; and also authorizing the President to call out, as occasion may require, four additional regiments of volunteers. He said that he was opposed to a permanent increase of the standing army, believing volunteers better adapted to the present emergency. He combatted the charge that volunteers are inferior to regulars, and contended that former are governed by higher considerations than the latter.—He also referred with pride to the hundreds and thousands who, at the first sound of the bugle, offered their services during the Mexican war.—He mentioned the fact that volunteers don't desert, while 4,000 of the regular army had deserted in one year.

Pending the consideration of the bill, the House adjourned.

Arrival of the New York.

NEW YORK, March 5.

The steamship New York, from Greenock, Feb. 14th, at 8 P. M. arrived to-day. She experienced heavy westerly gales on the passage.—On the 18th, she was struck by lightning, which split the fore royal mast.

She brings Glasgow papers of Saturday evening, the 13th ult, which contains a few hours later advices from London. Consols closed at noon of the 13th 96½@96⅝ for money and account.

The London Advertiser's Paris correspondent writes that Allsop, one of the conspirators, was in Paris very recently, and was frightened away by the menaces of his confederates, who threatened to take his life because he expressed doubts respecting the success of the dreadful enterprise. He has, without doubt, escaped to America.

It is again said that Schamyl has given his submission to Russia.

The steamer from Alexandria arrived at Southampton on the 13th. She brings the heavy portion of the Australian mails, and £100,000 in gold. The Marco Palo, with £300,000 in gold, was off Holyhead on Saturday A. M.

The India House had received a long dispatch but it merely adds some unimportant details to the facts already published.

The *Times* supports the India bill, and the *Daily News* and *Herald* have articles opposing it.

The Daily *News* has an indignant leader on the treatment of English engineers by the Neapolitan government, and the inaction of the British ministry.

The *Times* is glad to pair Mr. Roebuck off against the vaporing French Colonels, but protests against some of his expressions.

The *Journal de Frankfort* states that the commercial crisis in St. Petersburg caused several failures, with liabilities ranging from 50,000 to 200,000 silver Roubles. Steiglitz & Co. are reported to have lost largely, and by way of compensation, it is said the Emperor has permitted them to export one million gold imperials. The 10 per cent. export duty has been suspended in their favor. It seems probable these particulars involved great exageration.

Accounts received in Paris that more troops are required in China, to carry out the intended operations.

No more addresses from the army are to be published in the *Moniteur*, or any other paper in France.

Washington Items.

Washington, March 4.

Contrary to the position assumed by General Shields and other prominent gentlemen, the Senate Committee on the Judiciary have completed a report concluding with a resolution that Minnesota is not a State in the Union. This denies Gen. Shields the right which he claims to a seat in the Senate.

Senator Clark, from New Hampshire intends moving an amendment to the Kansas Bill, authorizing Kansas as a State on the following considerations: That the power to amend the constitution shall be expressly reserved to the people whenever they see fit to do so, and that the admission of Kansas with the Lecompton Constitution, or the constitution itself shall be so construed, or have the force to revive, or re-enact after the admission, any law or regulation repealed by the Territorial Legislature before the passage of an act without the re-enactment of the State Legislature of Kansas, after the admission.

From Harrisburg, Pensylvania.

HARRISBURG, Pa. March 4.

Both Houses of the Legislature have adjourned over until Monday. The Democratic State Convention accordingly assembled in the chamber of the House of Representatives. Victor E. Piolett, was chosen temporary chairman. The consideration of the contested seats was postponed.

A scene of confusion occurred on a proposition to form a committee to select permanent officers for the Convention, and a proposition from the Anti Lecomptonites was negatived by yeas 59; nays 68.

Burning of a Steamboat.

NEW ALBANY, March 4.

The steamship R. J. Lockwood, a new boat, while rounding out from the wharf with 60 or 70 excursionists on board, took fire in the watchman's room, and was soon enveloped in flames. The boat was run ashore, where every one escaped in safety. Some jumped from the hurricane deck. The boat floated down a short distance, and then sunk. She will prove a total loss—no insurance.

Tuckerman, the Mail Robber.

NEW HAVEN, March 5.

W. S. Tuckerman, mail robber, was indicted by the U. S. Grand Jury this morning, and plead not guilty. He was ordered to give bonds in the sum of $20,000 for trial on the 4th Tuesday in April. In default of bail, he was again committed to prison.

WISCONSIN LEGISLATURE.

MADISON, March 5.

SENATE—March 4.—The special order—militia bill, was discussed at length, and the Senate adjourned.

March 5.—Petitions—Of citizens of Fond du Lac in reference to railroads.

Resolutions taken up—That Sergeant-at-Arms procure from Secretary of State copies of code and election law for Senators—adopted. This was a substitute to the resolution in reference to Harrison Reed and the Free Democrat.

Bills Introduced—To incorporate Western Novelty Works of Janesville.

Bills Passed—For State road from Manitowoc to Taycheedah.

Adjourned.

ASSEMBLY, March 4, 7½ P. M.—The Senate message was taken up, and the bill extending time for payment of interest due the school fund was referred to the proper committee; the Assembly then went into Committee of the Whole on the special order.

Bills for disposal of drainage fund, and Messrs. Knowlton, Lovell, and P. H. Smith spoke at length on the same.

The Committee then rose and asked leave to set again.

Adjourned.

March 5, 10 A. M.—The case of Wm. C. Webb occupied the entire forenoon. Several members desired the testimony presented in full to the Assembly certified, to which the Committee objected, deeming it unnecessary, as the facts presented were all admitted by Mr. Webb. In the report of the Committee the substance of the evidence of witnesses and of Mr. Webb is given, which establishes everything charged with one exception as being true. The Assembly refused to dispose of the matter until the evidence was presented, properly certified to.

The Committee deeming that injustice was done them asked to be excused and all except Mr. Collins were excused, and Mr. Collins was granted leave of absence.

After the above proceedings were had and other business done, Mr. Webb asked that the matter be disposed of. The Speaker appointed four to fill the vacancy in the Committee, for the purpose of getting it before the Assembly again.

The Assembly then adjourned to 3 P. M., at which time a report is expected from the new Com. on the subject.

Pennsylvania Democratic Convention.

HARRISBURGH, Pa., March 5.

The Democratic State Convention re-assembled this morning.

The Committee on Resolutions unanimously reported, declaring that the principles involved in the repeal of the Missouri Compromise, and asserted in the Kansas-Nebraska act, that the people of the Territories shall have the exclusive control of their institutions, is the only sure guarantee against agitation in the nation in regard to the local institutions of the States and Territories; that by the uniform and universal application of the democratic principles to the organization of the territory, and the admission of new States, with or without slavery as the people may elect, the equal rights of all the States will be preserved, the original compact of the Constitution maintained and the inviolate harmony and perpetuity of the Union preserved.

The resolutions are very long, and fully sustain the Lecompton Constitution and President Buchanan.

Mr. Stokes, of Westmoreland, offered a substitute, presenting the views of the minority of the committee, and declaring that the acceptance of the Lecompton Constitution would be Congressional usurpation, and that members of Congress voting for the Lecompton Constitution would be guilty of moral treason.

It also endorses Governor Packer's course, especially his Inaugural Address.

New York Matters.

NEW YORK, March 4.

Commodore M. C. Perry, U. S. N., commander of the Gulf Squadron during the Mexican war, and latterly of the Japan Expedition, died in this city this morning.

Messrs. Willetts & Co., the heavy hardware and California house, who suspended in October last, have resumed payment in full, with an unimpaired capital of $1,000,000.

The auction sale of Rio coffee to-day, went off heavily. One-third of the catalogue sold at full prices; the balance was withdrawn, buyers not responding to the views of holders, who were firm.

The steam frigate Niagara is expected to sail for England on Saturday.

NEW YORK, March 5.

Notwithstanding the intensity of the cold weather, Tammany Hall was last night well filled with the friends of the Administration.

Hon. John A. Dix presided. Speeches were made by the Hon. Robert McDane of Baltimore, John Van Buren and John Cochrane.

Mr. Dix, in his opening remands, took the ground that Kansas ought to be admitted at once, without regard to the allegation of fraud or irregularity in the formality of the Lecompton Constitution.

Mr. Van Buren took the same ground, expressed his dissent from Douglas' position of popular sovereignty.

Mr. McLane would oppose the Administration if he believed that frauds and violence had been committed to the extent charged.

Resolutions were adopted sustaining the Administration.

From New Mexico.

ST. LOUIS, March 4.

The Westport correspondent of the Republican, states that Mr. Kitchen, from New Mexico, brings intelligence of a desperate fight between the Pawnee and Arapahoe Indians, on Pawnee Fork. Ten of the former were killed and many wounded. He reports meeting large numbers of Camanches and Kiowas, who expressed the best of feeling towards the whites. They stated as far as they were concerned, trains should not be molested by Indian tribes.

☞ By a reference to the Prospectus you will see that we purpose in addition to the more Directory of names to add a general BUSINESS DIRECTORY; also a complete STREET AND AVENUE DIRECTORY and CITY RECORD. Another feature is, in connection with each firm's name we give the name of every individual member of the firm, for example: Smith, Brown & Co., (J. Smith, Wm. Brown and C. Jones,) Dry Goods, 25 East Water St.

☞ We flatter ourselves from our long experience, (having been engaged as Directory compilers in New York for the past 10 years,) and from our mode of canvassing, which is, to visit every dwelling house and store, and to take every name on a separate slip of paper, and in ink, (thereby obviating the necessity of recopying the same,) without the least reference TO ANY PREVIOUS PUBLICATION, that our book will prove the most reliable work of the kind ever presented to the Milwaukee public.

☞ Many persons object to advertising in a Directory. This objection will at once be answered, when it is known that the VITALITY of the undertaking depends solely upon its advertising patronage.

It will not be amiss here to remark that ours is a home enterprise. No advertisements of Eastern Houses will be solicited, believing this city to be able to support her own institutions, and, that we do not err in our judgment we hope to be able to point out to you in our forthcoming work a sufficient number of advertising pages to corroborate our assertion beyond all peradventure.

The Book will be of octavo size, handsomely printed and well bound.

☞ Advertisements will be inserted on tinted pages conspicuously displayed, at reasonable rates.

☞ Subscription price of the Book, $2 00.

☞ Each of our Canvassers will be provided with a specimen book.

City Auction Room.

I AM persuaded and flattered by hundreds to keep my store open on the corner of Spring and West Water streets, (where J. L. Pierce, Esq., formerly kept,) for a few days longer. Well, every person knows I am an accommodating YOUNG MAN; if they do not know it they ought to know it. Well, that makes no difference. This is a great world, and everybody has a right to his own views in Religion and Politics, and to read and judge for himself, no matter what one may say of him. Well, in view of these facts, I have concluded to keep the said store open until the 12th of March, when my lease expires. And after that the Goods will all be removed over to the Old Democratic Corner, which I have been fixing up. That old and well known ancient store, and which all eyes in our city are continually looking upon, wishing it would burn down, which is a very wrong feeling. Well, I expect to do all my auction business as usual, at that old corner, and invite all to remember me, and I will remember them, and will try and do right, which I hope when I do wrong some friend will tell me. This, I hope, will be a sufficient advertisement to let all in the city of Milwaukee know that I am ready to advance on all Goods consigned to my care, and sell them at the lowest rates of Commission, and at the highest price.

TEN THOUSAND DOLLARS worth of Dry Goods will be offered at Auction in the store room on west side of river, formerly occupied by J. L. Pierce, on Friday morning, March 5th. The said store will be closed after the 14th of this month, and the Goods must all be disposed of for whatever they will bring. There is a general assortment of all descriptions of Dry Goods, such as De Laines, Merinoes, Calicoes, Muslins, Tickings, Handkerchiefs, Gloves, Hosiery, Shawls, &c. Also about one thousand pieces of Ribbons. Also fifteen hundred Hats and Bonnets. This I will warrant to be the largest sale of Dry Goods that will take place this Spring, and all who have any money and want to get Goods cheap, had better attend this sale, for I am of the opinion that there will be very few goods to be had at auction this year. For goods are worth money now in New York, and very few will be brought to this city this year. Let all attend and see what bargains they can get. MILWAUKEE:

SATURDAY MORNING, MARCH 6.

The Meeting To-Night.

The Democratic meeting, called to express the views of the party in our city upon the policy of the National Administration, is to be held at Market Hall *this* evening. The call, which has been published for some days in our paper, is both numerously and respectably signed, and among the signers are many of the oldest, ablest and most influential members of the Democratic party. The right, not to say the duty, of those Democrats who dissent from Mr. Buchanan's policy on the subject of Kansas, to meet and make public that dissent and the reasons upon which it is founded, seems to be indisputable.—Yet the *News*, in virtue of its "official" position, undertakes to forbid the meeting, or, if one be held, to require that it shall endorse, instead of repudiating, the Lecompton Swindle. We doubt, however, whether the mandate of the *News* will be obeyed by the Anti-Lecompton democrats of this city. The meeting will be held and the Lecompton villainy denounced, "in spite of lamentations, here or elsewhere."

It is rather amusing than otherwise to observe the official airs which the *News* gives itself and the imperious terms in which it addresses those members of the party who have been prominent in getting up this meeting. In the first place, the *News* decidedly disapproves of the call appearing in the *Sentinel*; but inasmuch as the object was to let the people know what was going on, the Committee did well to publish their call in the *Sentinel*, rather than hide it in the *News*. Then the call itself is suspiciously worded; the meeting is "irregular, untimely and may become factious;" it is pregnant with "mischief" and may afflict the party with "defeat and ruin." Wherefore the *News* thus threatens, with political death, all "Democrats" who shall dare to take part in it:

"There are among the signers of that call a few men who have long been accounted good democrats and honest men. But, in the midst of their preparation, we interpose our voice—we warn them that they are in the road to political suicide. No man, however mighty in intellect, ever went far in that road, and escaped. Men must either be in the party, or out of it. There is no middle ground."

This is in the same strain that the Washington *Union* talks to those Democratic Senators and Representatives in Congress who hesitate to obey the behests of the President, rather than the will of the People. Such "official" arguments are well enough adapted to the meridian of Imperial France, or Despotic Russia; but they have not hitherto been deemed conclusive in Republican America. Apparently the *News*, however, is confident that its voice of warning will be heeded, for it thus concludes:

"Let the projected meeting be abandoned; to let it go by default is the best way now to ward off the disaster it menaces. But if the meeting must be held, we must be allowed to repeat to them the advice of a cotemporary to a similar association in another city—which is, pass resolutions endorsing James Buchanan, and the Kansas policy of his Administration."

We think we see the meeting following the "advice," and endorsing Buchanan, Lecompton and all. If our Postmaster were at home, instead of at Washington, *we* should "advise" that *he* offer such "resolutions" as the *News* recommends, and take the sense of the meeting thereon. The result would probably satisfy both him and the *News* that a large majority of the Democrats of this city are uncompromisingly opposed to the "Kansas policy" of Mr. Buchanan's Administration.

The News and the Harbor Contractors.

The *News*, in its persistent defence of the Harbor Contractors' claim against the City and of the propriety of selecting three *Referees* to decide upon it, who have *prejudged* the case, dodges the real points at issue, but dwells at great length upon irrelevant ones. "The Harbor work has been completed—and a noble work it is," says the *News*. Well, nobody disputes that proposition, but what has it to do with the Contractors claim? "We have it from undoubted authority," adds the *News*, "that if the city allow to him (Mr. Hasbrouck,) only what they proffer, he will be financially ruined." We should regret to think so, but even if the fact be, as the *News* states, it furnishes no sufficient reason why the city should pay $50,000 more for the Harbor than it agreed to, or than the work cost. Many a worthy, industrious and faithful contractor, before Mr. Hasbrouck, has been "financially ruined" by his contracts, but we never heard that fact successfully urged as a reason why the other party should pay the loss.

"Let the referees," continues the *News*, "look well into the claim and adjust it equitably.—Will any respectable citizen object to a plan thus simple and fair?" Yes, a great many "respectable citizens' decidedly object, and for the "simple" reason that the plan is not "fair." The Referees, as the *News* says, are, no doubt, worthy and estimable men. But they have notoriously *prejudged the case*. They are all three substantially committed *against* the City and in favor of the Contractors. To call such a plan of settlement "fair," is mere mockery. And to expect that our citizens will submit to any such juggle, is simply absurd. Often and mercilessly as our Tax-payers have been fleeced, they are not yet insensible to the skinning process, and will resist as long and as resolutely as they can. Assuredly the City will not abide by the award of the Referees, and the contractors will only postpone the day of payment, *if* they insist upon the award. We confess our surprise, too, in view of all that has been said on the subject, and of the opinions entertained and openly expressed by a vast majority of our Tax-payers, that Mr. Medbury should hesitate one moment as to the proper course for *him* to take. As he values his own self-respect and the esteem of his fellow citizens, let him at once return to the Common Council the trust which they confided to him, in ignorance of the fact that he could not discharge it faithfully to them, or honorably to himself, and which *they themselves would have recalled ere now*, if a paltry and disreputable trick had not, by depriving them of a quorum, prevented the possibility of any action.

REMARKABLE CIRCUMSTANCE IN CONNECTION WITH THE PACIFIC HOTEL DISASTER.—The following circumstance is related to us by one of our prominent citizens, who received the intelligence by letter from his wife, now residing in the State of New York:

On the night of the terrible destruction of the Pacific Hotel, a little brother of Mr. Henry Rochester, living at home with his parents, near Avon, in the State of New York, awoke some time after midnight with screaming and tears, saying that the hotel in St. Louis was on fire, and that his brother Henry was burning to death. So intense was his alarm and horror that it was with considerable difficulty he could be quieted. On the following day at noon, the parents received a telegraphic despatch from this city confirming the little boy's dream in every particular.—*St. Louis Democrat.*

FIRST DISCOVERY OF MAPLE SUGAR.—In *Dodsley's Register* for October, 1765, it is stated that "a method of making sugar and molasses from the sap of a certain tree called maple, common in the New England Colonies, has just been discovered and put in practice at several portions of New England, but especially at Bernardston, about 20 miles from Athol."

CENTRAL REDEMPTION.

A LETTER TO THE EDITOR OF THE MILWAUKEE SENTINEL, RECOMMENDING THAT EVERY ONE LET THE BANKS ALONE, AND MIND HIS OWN BUSINESS.

Dear Sir:—There are in every community certain ambitious and uneasy spirits, whose restless vanity will never give peace to themselves or others, and whose destiny it is to be for ever intermeddling, and forever snubbed. They belong to that unchristian class, who, in spite of the injunctions of St. Paul, and the opinion of the world, will "be wise in their own conceit," and who are always making abortive efforts to become so in the conceit of others. Never, perhaps, in our State, has this class of men protruded their own peculiar notions more to the general detriment than during the past few months, and on the subject of Banking.

It is notorious, the confidence which the people of our State have always placed in our State currency, and the general satisfaction which has prevailed with the workings of our Banking Law. And that confidence and satisfaction have only been increased by the experience of the past few months of financial panic and commercial depression. The State currency of Wisconsin stands the solitary exception, among all the State currencies of this Union, that one by which no man has suffered loss. But, notwithstanding it has just passed through the severest ordeal to which any system of Banking was ever subjected, a few men, in special localities and for the advancement of private interests, are making attempts so essentially to change the provisions of the law, as to expose us to all the possible evils of an unsecured currency. I do not now allude to those alterations suggested by the committee of the Bankers Convention, but to that one proposed in Mr. E. D. Holton's letter to the Hon. Mitchell Steever. Nor should I have thought that letter worthy of any serious attention, had it been left to the influence which its own merits or the authority of its author might carry. But it has not. It has been so persistently pushed upon the attention of the public by a series of editorial puffs, that there is room for suspicion that the daily allusion of the *Free Democrat* to "that able letter," may have more influence than the "able letter" itself, and the final assault has just been made upon the public notice by its issue in a pamphlet form.

The question of Central redemption, was fully and fairly considered in the Bankers convention, in which nearly all the legitimate Banks of the State were represented, and it was decided by an almost unanimous vote, to be inexpedient to enter upon any such plan at the present time. The great majority deemed it unwise and unsafe, either to adopt such a system voluntarily, or to bring the matter before the legislature in any form whatever. And the intimation of Mr. Holton, that this adverse decision was based upon the expectation that this question would be brought to the attention of the Legislature, is wholly incorrect. Allow me to suggest that the Legislature of our State will have more regard to the authority of the decision of that convention, than to that of Mr. Holton's "able letter."

The fundamental assertion in Mr. Holton's letter that "that cannot be counted a good currency, which cannot be readily convertible into coin or its equivalent, might safely be let pass without notice, because it will probably pass without conveying any definite meaning. It might fairly be asked, *how* "readily" convertible must a currency be; because all of our currency, wild cat excepted, is convertible "readily" enough as I conceive. And again, what is the "equivalent" of coin, into which it may be converted? Does it mean wheat or merchandize? If so, our currency is "readily" enough convertible into those articles, as everybody knows. But Mr. Holton evidently means that the currency should be made convertible every day, in Milwaukee at any bank. And in support of the proposition, that a currency should be made so convertible, the examples of New England and New York are cited at considerable length.—There is no question as to the fact, that a system of central redemptions has been carried out in those localities, but Mr. Holton has hardly even attempted to show, that there has been any benefit accruing to the people from that system. But it can be shown, on the contrary, *that the late financial panic, distress and loss in the East, are to be attributed, in great part, to the fact, that the country Banks were compelled to redeem their issues every day in New York or Boston.* I cannot, at this time, enter upon the proofs of this proposition in detail, but the reader will find it fully substantiated in the late report of the Superintendent of the Banking Department of the State of New York. The following brief extract will give the opinion of the Superintendent, based upon a large deduction of facts. "The immediate cause or rather the one that *tended mainly* towards the suspension, about the 1st of October, *was the redemption of Bank Notes*, at one quarter of one per cent. discount, in the city of New York."

Under the operation of the system of central redemptions in New York and New England hundreds of thousands of dollars have been lost to the people, and under our own banking law, not one dollar. And yet, in spite of such admonishing facts, our Legislature is asked to exchange our system for theirs. I cannot but think that experience has precluded all necessity of argument on such a point. One hazards nothing in saying that, if the system of central redemptions had been in operation during the past four months in our State, the sad experience of the East would have been repeated here; the notes of half the Banks in the State would have been from 25 to 50 per cent discount, and the general commercial distress would have been tenfold more severe than it has been.

Mr. Holton next proceeds to enumerate the evils of our present system under two heads.—1st, "The Banks of the cities and large towns are not only putting their capital into currency, but are withdrawing what currency they have from circulation." It is further stated, that in Milwaukee the Banking capital is $1,725,000, and the circulation but $125,128; and this is esteemed such an astounding evil, that the safety of the whole currency of the State must be endangered to remedy it. In reply, allow me to say, first, that it is no evil at all; nobody asks the Banks of Milwaukee to put their capital into currency, and the interests of the people of the State are not jeoparded by their refusing to do so. The Banks of Milwaukee have other means of employing their capital, more profitable to themselves and more useful to the country.—But, secondly, even if it is all the evil Mr. Holton supposed, a system of central redemptions is not going to remedy it. Mr. Holton is fond of referring to New York; why did he neglect to do so in this case? If he had done so, he would have learned that the proportion of circulation to capital in the city is much less than it is in Milwaukee, and consequently the supposed evil is proportionably greater with a system of central redemption than without it. It is hardly necessary to adduce any proofs of this statement, but it may be well to cite the example of the Bank of Commerce of New York, which, with a capital of nearly $8,000,000, has a circulation of only $2,095.

The second enumerated evil of our Banking Law, consists in the possibility of the organization of Banks of circulation only, known in Western phraseology as Wildcats. This liability is an unquestioned evil; but, inasmuch as it can be as effectually remedied by other and safer legislation than that proposed by Mr. Holton, it is not necessary to resort to a compulsory system of central redemptions. Let the Legislature adopt the suggestion of the Committee of the Bankers Convention, and so amend the law, that, under it, Banks cannot be established "except in a village or city, the township embracing which shall have two hundred votes," and the necessity of the redemption system is done away with. And, besides, it is in the power of the legitimate Bankers of the State, at any time, to discredit wildcat notes and to destroy wildcat banking, by refusing to receive the issues of such institutions. Thus, there are two other and better methods of accomplishing the result aimed at by the system of central redemptions, and in the presence of these better methods, why should we adopt the worse?

Mr. Holton's attempt to discredit the security of Wisconsin Bank notes, by reference to the experience of Indiana, is as unfair as it will prove unsuccessful. Every intelligent man understands the essential differences between the Banking laws of Indiana and Wisconsin, and no candid man will represent that the same securities were required there as here. The people of Wisconsin believe that our State currency is abundantly secured, and that loss cannot occur; and a severe experience has warranted their confidence.

That part of Mr. Holton's letter in which he undertakes to make our Banking system responsible for the fluctuations in the rate of New York Exchange, is not worthy of any serious notice. The world has heretofore supposed that the rates of exchange between different localities depended entirely upon the balance of trade; and I am unable to perceive that Mr. Holton has succeeded in overturning so plain and well established a principle.

The operation of a system of Central redemption would be to withdraw a great amount of capital from the country and to accumulate it in the city, to furnish the few at the expense of the many. It would increase the amount of money deposited in the Milwaukee Banks, and by so much detract from the active capital of Banks in the country. It may be that this fact explains the exigency with which the measure is pressed in some quarters.

On a review of the whole case, then, there appears to be no good reason for the enactment of such a measure. The people do not ask for it—the Banks do not ask for it—it is dangerous, unnecessary and undemocratic. RUSTICUS.

Madison, March 3, 1858.

A $20,000 Lottery Swindle.

The N. O. *Picayune*, of the 19th, has the following:

Our readers are aware that for some months past a member of the great Smith family—represented by a wight named B. F. Packard—has been flourishing in this city as the originator and manager of a grand lottery scheme of $100,000, the principal prize being $10,000 in golden coin. As we passed, diurnally, the office of the agency on Camp street, we were in the habit of glancing in, for the amiable purpose of discovering who, among the denizens of our city, were the most gullible.

Our observation induced us to believe that most of the customers of Mr. Smith—otherwise known as Mr. Packard—were females who had a strange partiality for suddenly acquired wealth. We believe, however, that most of the applicants for tickets were from the country, each day's mail bringing any number of "valuable letters," and carrying back in exchange any number of tickets as a *quid pro quo*. The first announcement was that the drawing of M. R. Smith & Co.'s lottery would take place on the 1st of February, but before the arrival of the appointed time, it was postponed for a month.

Of late we have every day expected to see the office closed, and this morning our expectations were realized. The shop is now shut, Packard has flown, and the money received for tickets has taken itself wings. The grand flight was made last night, and a letter to the clerk—a young gentleman who had been employed there but a week or so—announced the breakup and recommended that he, the aforesaid clerk, should pocket the 'material' receipts of to day's mail and make tracks for parts unknown.

But the young man was not willing to follow either the spirit or letter of his instructions, and taking the letter to the Chief of Police, made a disclosure of the present standing of the concern. The books and letters found in the office afford pretty satisfactory assurances that the receipts have been in the neighborhood of $20,000, all of which is, of course, absorbed. Packard's letter to the clerk facetiously intimates a fear that the climate of New Orleans would no longer agree with his health, and as he had received anonymous and threatening letters of late, he thought it advisable to clear out forthwith.

The Late Attempt on Louis Napoleon.

A writer in the New York *Tribune*, who signs himself "A European," gives the following explanation of the recent attempt on the life of the French Emperor:

The Italians as a nation are friendly to the Empire. The memory of the Napoleon is still revered by them. But there has existed among them for many years a body of admirable organization and great power. I allude to the dreaded *Carbonari*. Immediately after the French revolution of 1830, there were a series of outbreaks through the Roman territory, extending into the Duchies of Parma and Modena. They were the work of the Carbonari, and were soon put down in the most sanguinary manner by the troops of the late Pope Gregory. In the Roman Legations the present Emperor and his brother, who died during the insurrection, were actively engaged. *They were both sworn members of the Carbonari.* It is generally understood that it was Pietri, the present Corsican Prefect of Police who initiated the present Emperor into the Carbonari, of which Mazzini, *the present Pope*, and the late King Charles Albert were active members. This society never forgives a renegade member; and this fact is mentioned in explanation of Mazzini's opposition to Pius IX and Charles Albert; and *this is the real secret* of the recent and other attempts by Italians upon the Emperor's life.

Louis Napoleon has been tried by the chiefs of the Society, formally condemned to death, and received notice of the doom which surely awaits him. Those now in prison may perish on the scaffold, but they know that thousands are ready to avenge them; and even though torture be tried (that it was under Louis Phillippe is proved in Louis Blanc's "History of Ten Years,") they will die without making a sign.

Orsini is not expected to survive his wounds. He is a member of the noblest house in Italy.—His work narrating his most singular escape from the Austrian prisons, you remember, made a great sensation some time since. He is singularly handsome in person. Pietri, in alluding to him after his arrest, said to Prince Napoleon, "He is the handsomest man in the world; I never saw anything to equal the grace and beauty of this monster!"

At a ball at Paris, not long since, a Senator, a great friend of the Empress, was congratulating her on her gayety and good spirits. "Yes," she said, "I seek to forget myself, (*m'etourdir*;) I know that one of these days we shall all perish together!" Poor woman! she is to be pitied.—Her grace and goodness merit a hapier fate.

The African Slave Trade.

The South has already opened the African Slave trade, and a regular depot has been established on Pearl river in Mississippi, where cargoes have been received, the negroes sold and put to work. The vessels engaged in the trade generally use the French flag, because the British cruisers on the African coast will not trouble it.—*New Orleans Delta.*

This open violation of the laws of the United States is practiced under the eyes of Government officers, and commented upon in the public prints, without eliciting even a word of rebuke from Washington, much less an effort to bring the offenders to punishment.

Although our laws and treaties condemn the Slave Trader as a Pirate, the Government takes especial pains to shirk the duties thus imposed upon it. Of the hundreds of cargoes of slaves landed on the coast of our Southern States, when has one been seized or stopped by the Federal authorities? Of the hundreds of slavers which ply their nefarious traffic on the African coast, and which we ostensibly keep an "African Squadron" to suppress, when has one been captured by an American frigate? The British war vessels capture dozens, the Americans none. It is through no fault of our naval officers, who are all disposed to do their duty, but of the Government, which purposely sends thither the most slow-sailing, old-fashioned craft in the navy.—The slavers are usually Baltimore clippers, and they walk out from under the guns of one of these antiquated tubs of the last century before she can throw a shot at them. If anything is ever to be done by our navy towards suppressing the Slave Trade, we must follow the example of the English, and send out our crack sailers and new steam frigates. They would be better employed than they are in dawdling about the Mediterranean or rotting in our Navy Yards.—*Albany Journal.*

From Utah.

ST. LOUIS, March 2.

The Santa Fe Mail has arrived. The general news is unimportant.

Capt. Marcy reached the vicinity of Santa Fe on the 20th ult. His trip has been long, attended with the loss of a large number of mules, and great hardships. He would immediately proceed to make purchases.

The presumption was that his expedition will be entirely successful, and would put Colonel Johnson in possession of the means of transportation to Utah much earlier in the spring than horses and supplies could reach him from the States.

Col. Harney, Indian Agent, and Judge Watts, came passengers.

The Legislature would adjourn on the 4th ultimo.

A difficulty occurred between Surveyor Kelley's party and the Mexicans near Albuquerque. Two of the latter were killed.

Wm. Hackaday, District Attorney of Utah, arrived yesterday, en route to Washington with Government despatches. He denies that the troops at Camp Scott have been put on half rations.

THE LEVIATHAN.—Capt. Harrison, who is to command the Leviathan, writes to a friend in Boston that he is in hopes to be at Portland with his vessel in the latter part of the month of June, and that he proposes to remain here with her seven weeks, in order to give all an opportunity of examining this great curiosity. It is expected that she will bring out on her first trip about fifteen hundred excursion passengers. An admittance fee will be charged to visitors on board the vessel, which is no more than just, as, in consequence of the crowds which will naturally rush on board, it will require great expense to keep the vessel in order.—*State of Maine.*

Collision at Sea.

The following narrative of a dreadful collision which took place on Thursday morning, the 11th inst., off Holyhead, is furnished by a passenger:

"The Leander was a fine ship of 900 tons, and sailed from Liverpool for New Orleans, with a fine S. E. breeze, at 9 o'clock on Tuesday morning, having on board the captain, his wife and son, one passenger, two mates, steward, cook and 14 seamen. She was in light order, having about 300 tons of salt and 150 tons of ballast on board. We made Point Lynas at 3 o'clock, Skerries at 5, Holyhead at 6; having run all this time eight and nine knots an hour, with a fresh breeze, and all plain sail set.

All went on well until one or two in the morning, of Thursday, when I was awoke by a terrible crash of timber, and the first impression was that the ship had been struck with lightning. I arose and tied on my life belt, and tried to open the state room door, but it was jammed fast. I heard the mate's voice cry "run to the passengers' room," and immediately he and the captain's son burst open the door, and the mate broke the window and got out, I followed him that way. Going forward to the cabin, which is on deck, with a slightly raised walk round three sides of it, I found the captain's wife, son and second mate. I then knew we were run into, and cut two-thirds through the deck just abaft the main rigging, starboard, on the lee side. The captain's wife exclaimed, "The ship is sinking; oh! save me, somebody!"

It was too true; and while she spoke the ship settled fast in the water. I went aft again to the binnacle. A man rushed past me, put the wheel down, and jumped overboard. I took one look forward, and saw the waves rise on every side, and then pour in like a cataract. Then I was carried far down with the ship, and came up to struggle with the waves, with the others in like circumstances. The time of these occurrences must be counted by seconds, as not more than five minutes elapsed from the first shock until the ship went down. The steamer that run us down was a short way off, and in about twenty minutes I was picked up. She turned out to be the North America, from Portland to Liverpool.

When all saved were mustered, we numbered 12—viz.: the captain and his son, mate, steward, cook, six men and myself. The captain's wife, second mate and eight men being lost. The case of the second mate being peculiarly distressing. He was the only son of his mother, and she was a widow. We had every kindness shown us on board the Steamer, and the passengers raised money enough to give the mate £5, and the eight crew £1 each. How the accident occurred I know not, nor who was to blame—this will no doubt be investigated. All I know is that some are saved, and that it is of God's mercy that any of us are alive to tell of it.

JAMES KERR, Liverpool, passenger.

THE LADIES AT LUCKNOW.—In reading the details of the suffering occasioned by the War in India, we forget that the sufferers are persons with flesh and blood like our own. A Calcutta correspondent writes, "The ladies and women from Lucknow are daily expected, and we have prepared everything for their comfortable reception. The stories circulated about the garrison during their long and terrible trial are most extraordinary. The sense of danger was so intense that after a time they became callous to death. The torpor of death seems to have crept over them, and all are giving way under it. Young brides of a few weeks are grown into aged, gray haired widows, not to be recognized by those who saw them a few months ago." Another writer says, "I have just seen a letter from a lady delicately born and nurtured, accustomed to the highest society of England, who with her children endured the frightful time in Lucknow. She writes: "It was very hard work. I often lay down feeling as if nothing could rouse me again. We were literally starving—sometimes to make the others eat who could not swallow the nauseous food set before them. Our family allowance latterly was a tea-cup full of rice, a few pounds of wheat, a little salt, and six ounces of gun bullock. Nothing was allowed for the children. I lost all sense of fear—death was so familiar—it was rest such to many weary souls. It was sad to see the poor children pining and dying, sometimes seven or eight buried in a single night."

REDUCTION IN THE PRICE OF THE
BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the
BADGER STATE SAFES,
Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.
FIRE & BURGLAR PROOF!
Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But, notwithstanding this, we are now enabled to offer our safes to the public at
AS LOW PRICES!
As any other safes manufactured. The following are the former and present prices of some of our safes:—
No. 1 Badger Safe, present price $135, former $150.
" 1½ " " " 150, " 165
" 2 " " " 200, " 225
" 3 " " " 275, " 300
and so on.
The severe tests which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.
All orders promptly attended to. Address, BERLINER & BRUNO,

MARCH.
BY JOHN BROUGHAM.

For angry gusts I have no zest
That bend one like a larch.
"*Do gustibus*"—you know the rest—
And with you, it must be confest,
I'm quite disgusted—"*March!*"

Oh! give me the bright Summer time,
Though sultry zephyrs parch,
Averse am I to frosty rime,
Eaves-dropping in the very prime
Of Spring—confound you!—"*March!*"

Deuce take your airs, that up our sleeves
Rheumatically "*starch*"
All Nature at your conduct grieves,
The trees begin to take their leaves,
So take yours also—"*March!*"

WOOD SAWING AND THE ELECTION.—Previous to the election Alderman Greenbaum, of the 6th ward, entered into a written agreement with G. Leverenz that if he (the Alderman) should be defeated for re-election, he would saw one quarter of a cord of wood in the Court House Square, on Thursday morning at 10 o'clock. If elected, Mr. Leverenz was to saw the wood. The wood to be furnished by Ald. Wahl, and to be placed on the saw buck by Henry Wendt, candidate for Alderman in the 7th ward, and piled, after being sawed, by Alderman Schmidt, of the 19th ward; Scheffer & Brothers, Lake street, to furnish the saw, and Francis A. Hoffman to grease it.
Promptly to agreement the parties met at the Court House square this morning.
Unger's Band struck up a lively air as the parties ascended the steps of the Court House, at the topmost one of which the saw and buck were placed.
Mr. Greenbaum was dressed in a loose flannel shirt, cap, gloves, &c. Mr. Hoffman took his place, to his right, with a goodly sized piece of pork to administer unction to the saw, and the other parties stood in front to hand the wood.
All things being in readiness, the first stick was placed, and after the saw was well greased by Mr. Hoffman, the work commenced, Greenbaum striking up with the song of "Hail to Germany," which was joined in by the crowd, already numbering several thousands. Another stick was sawed to the tune of "Hail Columbia" by the band, another to "Yankee Doodle," &c., &c.
The utmost good nature was manifested by the immense throng, and as the sticks were held up, after being sawed, repeated cheers were given for Greenbaum, Van Horn and others.
After sawing some dozen sticks, to the manifest gratification of the parties to the agreement and the assembled crowd, the ballance of the sawing was unanimously agreed to be dispensed with, and Mr. Greenbaum left the ground with the saw on his shoulder, escorted into Randolph street by the band and a large procession of those who had witnessed the fulfillment of his agreement.
On regaining the street, he was mounted on the shoulders of two of his friends, and borne to his banking office, where he made a speech to the crowd, and they quietly dispersed.
We understand a similar agreement was made by Mr. Weibo, the defeated candidate for City Attorney, with Mr. Lochbiler, to saw half a cord at 2 o'clock this afternoon, at the same place.—*Chicago Journal.*

☞ We are pained to learn that Mr. Charles Erb, formerly Clerk of the Circuit Court of this county, and lately one of the editors and proprietors of the Germam Democratic paper here, died in this place yesterday morning. He was about the City on Friday last apparently as well as usual, and Monday morning he was dead.—His physicians pronounced his disease to be scarlet fever. It is thought by some that they entirely mistook its nature. Mr. Erb leaves a young wife and a large circle of friends to mourn his loss. In our intercourse with Mr. Erb we have always found in him an honorable, correct, and most gentlemanly business man, and in politics a generous enemy. We tender our cordial sympathy to those who being in more intimate relation to him feel more severely his loss.—*Oshkosh Democrat.*

PROF. DE GRATH'S ELECTRIC OIL.—Boy taken off his crutches in twenty minutes!
ALEXANDRIA, VA., July 14, 1856.
Prof. De Grath—Dear Sir:—My son had his foot badly cut and swollen from sticking a nail into it, and was totally unable to walk without a crutch, when, by one application of your Electric Oil, he was immediately cured, and able to walk without his crutch in 20 minutes. I believe he was saved from being lame thereby. I recommend your Oil to the afflicted. Yours, truly,
JOHN ARNOLD, Hatter.
Rheumatism, Neuralgia, and all pains cured at once by this great Oil. Beware of counterfeits. Be sure to get DeGrath's Electric Oil.

WOOD'S RESTORATIVE.—Of all the restoratives for the hair that have been invented, Wood's preeminently claims the first place. It will certainly restore the natural color of the hair, if the directions are followed for a sufficient length of time. It has also produced astonishing effects in bringing out a growth of hair where the head had been previously bald. Wood does not pretend that it will do this in all cases; and we think his candor is a good recommendation of the virtues which his restorative really possesses. If the roots of the hair are destroyed, no human power can make them grow again; but where there is any vitality left in the root, his restorative will soon renew the hair in all its pristine vigor. It has done this repeatedly, where all other remedies had failed. It is, therefore, worth while in all cases to make the experiment. For clearing the head of dandruff, and thickening and strengthening the hair, it has no rival.—*Western Patriot.*
Sold by all respectable Druggists.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT,
G. B. BINGHAM'S BRO.,
Sole Manufacturers in Wisconsin.
THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st, Milwaukee.—Wis.

A RETIRED PHYSICIAN, 75 YEARS OF AGE,
WHOSE SANDS OF LIFE have nearly run out, discovered while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred to him that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world, and he has never failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it. He requires each applicant to inclose him one shilling, three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement.

CAUTION.—I have no son in-law authorized to send my recipe, as has been advertised. feb25g84d&wlm

DYSPEPSIA AND FITS.
DR. TRACY DELORME, the great curer of Consumption, was for several years so badly afflicted by Dyspepsia, that for a part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of Fits as of DYSPEPSIA. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin Street.
READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.
YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain in the head or bones, and all Mercurial Affections, and all impurities of the Blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

SANFORD'S LIVER INVIGORATOR!

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.
DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.
Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel, without any of its deleterious effects.
Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.
INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.
JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.
COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.
SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.
For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.
DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*
We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.
There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

THE GREATEST MEDICAL DISCOVERY OF THE AGE.
MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
ROXBURY, MASS.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.
